VINTAGE, DESIGN AND THE POWER OF CREATIVITY

KUUSANKOSKI - TAIDERUUKKI

CULTURAL CENTER TAIDERUUKKI

Folks have started to call Kouvola the Berlin of Finland. You should start your trip to Berlin by visiting Cultural Center Taideruukki.

Taideruukki operates in an old factory building at Kymminruukki. Now it is sprouting new life. A centre for artists and craftspersons has established itself in the redbrick former central warehouse. There are graphic designers, photographers, glass artists and furniture restorers.

Jewellers and craftspersons make products and sell them from their little shops. Glass, wood, concrete, wool, clay and metals have all been endowed with new characteristic forms of expression.

People may come and visit all year round, especially at weekends. It is worth attending events days at Taideruukki, as it is then that pop-up stalls and other surprises appear in the inner courtyards and lobbies of the brick building.

Art Factory is also home to many art galleries, Pato

Klubi -music club, a shop for vintage clothing, a clocksmith and Cafe Ruukitar on the ground floor with a big terrace. The building also contains rentable facilities suitable for events and concerts.

A fundamental part of Taideruukki's interiors are the old reels and pulp bales that serve as tables, as well as the patina-covered transport pallets that have been made into comfortable stools. You can keep track of the events in Taideruukki by following Pato Klubi and Taide-Tupa PikkuSelma on social media.

VIRTAKIVEN SAUNA

summer café, restaurant, coffee roastery, meeting and exhibition facilities, sauna and bar

Virtakivi Sauna was built for recreational use by the Kymi Company in 1925. Architects Armas Lindgren and Bertel Liljeqvist designed the building in the early 1920s. The workers of the Voikkaa paper mill originally used the three-storey 800 square meter building for sauna, laundry and baking.

Located in an idyllic scenery on the bank of River Kymijoki, the building now has a summer café, a restaurant, a coffee roastery, meeting and exhibition facilities, and of course a sauna, and a container bar in the garden. The Virtakivi Sauna's summer café is open from the beginning of May until the end of August. We are also open on holidays such as Easter, Mother's and Father's Day, Valentine's Day and New Year's Eve. At other times and on evenings, the facilities can be reserved for private functions. Lunch, which consists of traditional Finnish dishes, is served from Monday to Sunday, between 11AM-3PM.

Virtakiven Sauna is an excellent place for meetings, events and celebrations. On beautiful summer days, events can also be held at the tents in the garden at the waterfront.

An aerial photograph of a calm lake in a dense forest. The water is still, reflecting the sky and the surrounding trees. A thick layer of mist or fog hangs over the water and the forest, creating a serene and ethereal atmosphere. The sky is a mix of soft pinks, purples, and blues, suggesting the time is either dawn or dusk. The forest is composed of tall, dark green trees, likely conifers.
